EXECUTIVE SUMMARY

I am a passionate software developer with experience in React Native, JavaScript, Firebase, and full-stack mobile application development. Alongside building cross-platform, high-performance apps, I have a strong interest in home automation, IoT, and AI-driven automation systems. Currently pursuing a Bachelor's in Computer Science and Engineering, I bring hands-on experience from internships in mobile development and API integrations, and I am eager to contribute to Onwards Automation's mission of creating smart, intelligent solutions.
